# Fun & Games Speech Therapy Applications

| *Game/Display* | | *Activity* | *Speech Element* |
|---|---|---|---|
| **Bulls Eye!** | | Turn voicing on and off as a plane or cloud moves across screen to drop "bombs" or "care packages" or make rain fall on therapist-defined onset targets. | Rhythm, vocal onset |
| **Chat-N-U-Go Choo-Choo** | | Move a train or car from station to station or a horse around a paddock with continuous voicing, correct volume, onsets or production of target sounds or words. | Duration, onset, articulation |
| **Driving Home** | | Drive home without breaking the volume "speed limit." | Volume, duration, fluency |
| **Falling Star** |  | Catch stars as they fall by producing the correct articulation target. | Articulation |
